

Good morning!

Beginning this month, the State has allowed school districts once again to be able to offer a free lunch and breakfast item, much like we were able to do last spring.

After confirming with our food service, Shiloh Schools will be offering those meals to all that wish to have them beginning tomorrow, Tuesday, September 22<sup>nd</sup>. Simply request a meal on the attendance form in the morning.

Though we now have the manpower to make those lunches, we will not have the ability to deliver them as we did in the spring. Your ordered meal and breakfast item will be available pick-up at each school lobby from 11am to 12 noon.

Beginning on October 19<sup>th</sup>, when all students will be able to return to school, our bus routes will be running as normal. Those students that desire to remain remote will be able to go to their bus stop and pick-up two lunches and two breakfasts on Monday, Wednesday, and Friday of each week. They will continue to be available for pick-up at each school lobby from 11am to 12 noon as well.

I have attached the September menu for convenience. This is also posted on the bottom left of our webpage under menus.
